Mind Capture Group
14864 Birchwood Dr.
Spring Lake, MI 49456

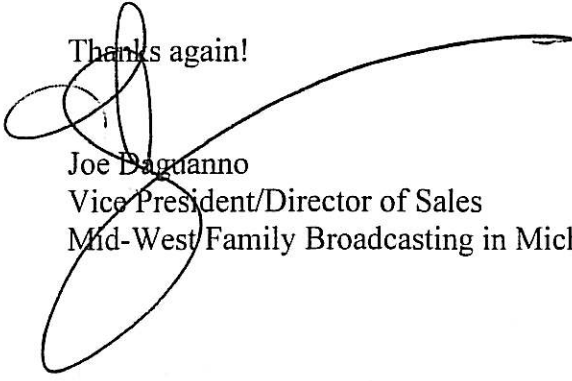

Tony,

I wanted to take time out extend my thanks to you for leading our Mid-West Family Broadcasting summer 2007 superstars session. Mid-West Family prides itself on bringing in the best of the best when it comes to trainers and exceeding the industry standards for training and you did not disappoint.

As I had said many time before the session, this group of sales professionals represents the top in our group and is very hard to impress. You passed with flying colors. Your session on building mind capture and referrals was exactly what our superstars needed.

There was over \$10,000,000 in annual billing in that room that day and with your help I am sure that will grow over the next several years.

Thanks again!

Joe Dagnanno
Vice President/Director of Sales
Mid-West Family Broadcasting in Michigan's Great Southwest
